

housingnorth.org

[Housing North](#) is a mission driven nonprofit organization created in 2018 to address the systemic problems embedded in zoning laws, development financing, and public-private partnerships impacting the development of housing in Northwest Michigan. We work to remove barriers to housing development in Northwest Michigan. We welcome support for our outreach and fundraising efforts by sponsoring an event.

Housing North offers training sessions, webinars, community events and opportunities for diverse stakeholders to be engaged in expanding housing solutions. By sponsoring our events you can be part of:

- Statewide promotions and media coverage of the event including your logo
- Be recognized as a Housing North partner.
- Showcase your organization and your work towards housing and community development.

EVENTS AND ACTIVITIES

• **Roundtable discussions and community events:**

We welcome support for our outreach and fundraising efforts by sponsoring our roundtable discussions and community events. We host one event per quarter. These can include using these sponsorship levels or sponsoring the food or beverages for the event including partnering with state agencies (MSHDA, CEDAM, LEO) to bring information and support to NW Michigan for housing.

• **Housing Needs Assessment:**

The HNA will cover County level data, but some of our communities are requesting more specific studies and additions to the HNA. These are \$2500/ community or report. We welcome support to sponsor these HNA's in your community. You can use these sponsorship levels or sponsor a Village or Township.
